**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I understand AT&T and their trade association, USTelecom, have recently petitioned the FCC to take away access to critical unbundled network elements. I find this bothersome as AT&T provided an inferior internet/phone service to my home AND work for a cost that was double that of the company I replaced them with, Sonic.com. Should the FCC change access rights, I will likely be forced to spend more money on an inferior service due to a reduction of competition. I sincerely hope that the FCC understands that a change in this area will result in an unnecessary financial burden for many families.
